

NEBOSH International Construction Certificate

The **NEBOSH International Certificate in Construction Health and Safety** is designed to equip those making day-to-day decisions in construction work, with the knowledge they need to ensure that the health and safety implications are properly considered in their decision making. It is suitable for:

- Managers and supervisors working in the international construction industry.
- Those that have responsibility for construction workers/contractors outside the UK.

The NEBOSH International Construction Certificate is widely respected by employers worldwide and meets the requirements for Technician Membership of IOSH (**Tech IOSH**) and Associate Membership of IIRSM (**AIIRSM**).

GOLD 335

Course Content

The NEBOSH International Construction Certificate is made up of three units:

Unit IGC1: Management of International Health and Safety

- Foundations in Health and Safety
- Health and Safety Management Systems - Plan
- Health and Safety Management Systems - Do
- Health and Safety Management Systems - Check
- Health and Safety Management Systems - Act

Unit ICC1: Managing and Controlling Hazards in International Construction Activities

- Construction Management
- Construction Site - Hazards and Risk Control
- Vehicle and Plant Movement - Hazards and Risk Control
- Musculoskeletal Hazards and Control
- Work Equipment - Hazards and Risk Control
- Electrical Safety
- Fire Safety
- Chemical and Biological Health - Hazards and Risk Control
- Physical and Psychological Health - Hazards and Risk Control
- Working at Height - Hazards and Risk Control
- Excavation Work and Confined Spaces - Hazards and Risk Control
- Demolition and Deconstruction - Hazards and Risk Control

Unit ICC2: Construction Health and Safety Practical Application

- Work based practical assessment

Assessment

Units IGC1 and ICC1 of the NEBOSH International Certificate are each assessed by a two-hour written examinations. Unit ICC2 is assessed by a practical assessment carried out at a construction site.

Exemptions

If you have been awarded the NEBOSH National [General](#) or [Fire](#) Certificate in the last 5 years you will be exempt from Unit IGC1 and can simply 'top up' by completing Unit ICC1 and the practical assessment (Unit ICC2).

Course Content

The NEBOSH International Diploma in Environmental Management is made up of two units:

Unit ED1: Controlling Environmental Aspects

- Key environmental cycles and the effects of human activity on the environment
- Environmental leadership
- Environmental management systems and emergency planning
- Environmental risk evaluation and control
- Environmental performance evaluation
- Sustainability
- Waste management
- Managing emissions to the atmosphere
- Managing emissions to the water environment
- Control of environmental noise
- Hazardous substances and contaminated land
- Energy use

Unit IDEM2: Environmental Regulation

Comprises 2 elements:

- Enforcement of environmental legislation
- Pollution prevention and control legislation.

Assessed by an assignment based on a review and analysis of your organisation's Environmental Management System.

Assessment

Unit ED1 of the NEBOSH International Environmental Diploma is assessed by a three hour written exam. Unit IDEM2 is assessed by a work-based project.

NEBOSH Oil and Gas Certificate

The **NEBOSH International Technical Certificate in Oil and Gas Operational Safety** is designed specifically for those with safety responsibilities in the oil and gas industry. It focuses on international standards and management systems, highlighting the importance of process safety management in the oil and gas industry, enabling students to effectively discharge workplace safety responsibilities both onshore and offshore.

The NEBOSH Oil and Gas Certificate is suitable for those who have the responsibility for ensuring safety as part of their day-to-day duties, including:

- Managers, supervisors and employee representatives within the oil and gas industry.
- Newly-appointed health and safety advisers.

nebosh

LEARNING
PARTNER

GOLD

335

Course Content

The NEBOSH Oil & Gas Certificate is made up of one unit:

Unit IOG1: Management of International Oil & Gas Operational Safety

- Health, Safety and Environmental Management in Context
- Hydrocarbon Process Safety
- Fire Protection and Emergency Response
- Logistics and Transport Operations

Assessment

Unit IOG1 of the **NEBOSH Oil & Gas Certificate** is assessed by a two hour written examination.

Entry Requirements

The **NEBOSH Oil and Gas Certificate** is a technical qualification and requires certain knowledge before starting the course.

- **Health and Safety Knowledge**

It is highly recommended that students hold the [NEBOSH International General Certificate](#) or equivalent before studying this course. If you do not have this knowledge, RRC provide reference materials to cover this but you should allow for a further 50 hours of study.

- **Experience of the Oil and Gas Industry**

Students require a wider understanding of the oil and gas industry such as that gained from working in the industry itself. Students without this experience will need to study additional reference materials provided with the course which outline how oil and gas is extracted and processed. You should allow a further 25 hours study if you need to study this.
